# Rabbi Meir Kahane Memorial

**Sunday, November 9th (I'minyanam)**

**2:00 PM**

**Ocean Avenue Jewish Center**

**2600 Ocean Avenue (between Avenues U & V), Brooklyn, NY**

"If only we had listened to his prophetic warnings..."

Rabbi Meir Kahane was right!

The Simchat Torah Massacre (October 7) could have been prevented — had Israel and world Jewry heeded his words. Who could have imagined that a Communist Jihadist would one day rise to power in New York? He was right about the Arab threat to Israel — and the danger of trusting our enemies. And that ultimately there would be no future for Jews in Exile!

Now more than ever, Rabbi Kahane's voice must be heard

His blueprint for Jewish survival and his vision of The Jewish Idea are more relevant today than ever before.

**No retreat from Jewish land!**

**Faith in G-d — not in the nations!**

**Aliyah Now!**
